**Emergency Purchase Details**

Emergency Category (Click List Box to re-select the appropriate option(s)).

Involving threat to public health or public safety  
 Immediate expenditure is necessary for repairs to State property to protect against further loss or damage

Reason for selection of this particular contractor/vendor:

The following vendors were contacted during the initial emergency plan preparation: Civil Constructors, Sjostrom Construction, Martin Excavating & Valley Construction for input and analysis of the proposed work processes. Civil was the only responsive contractor. They provided valuable feedback, research and field analysis. Civil Constructors was selected based their ability to perform the work, their responsiveness, effort already expended into the project and proximity to the project.

Description of services and/or supplies to be provided:

Immediate expenditure is necessary for repairs to State property to protect against further loss or damage. An undermined slopewall was discovered that had slid down and is exerting pressure on the bridge pier, causing a stability issue with the bridge. The existing piling had been driven to refusal, however they are not currently embedded far enough into the bedrock to withstand the stresses caused by this failure. The contractor will be required to remove the failed slopewall, anchor into the existing bedrock, pour a concrete encasement around the anchors and existing pier and replace the slopewall. Access is an issue due to the deep and narrow terrain and dewatering is a concern. The work will be paid for as time and materials and the detour and traffic control will be provided by IDOT.  
 This project is located on US 20 over Rush Creek approximately 0.75 miles E of Logemann Rd in Jo Daviess County.

Is there an existing State contract available for the required services and/or supplies?  Yes  No

Expected Start Date 07/23/18 Estimated End Date\* 10/20/18

Amount of this expenditure is \$600,000.00 Actual or Estimated\* Estimated\*

(\*Estimated end date and cost will be reported later.)

Select the type of funding to be used.  Federal Funds  State Appropriated Funds  State Grant Funds  Other

**Signatures**

I am making this statement and providing it to the CPO Office, the Auditor General, and the Procurement Policy Board in compliance with the Illinois Procurement Code and within 10 days after award of the contract.

I have authorized the emergency procurement in accordance with the requirements of the Illinois Procurement Code (30 ILCS 500) and the applicable administrative rule. I know and understand the contents of this statement and all statements herein are true and correct to the best of my knowledge.
