

Emergency Purchase Number: EA18-06

Office/Division: Office of Highways

Address: 126 East Ash Street
Springfield, IL 62704

Chief Procurement Officer: Bill Grunloh

Vendor: Illinois Valley Paving, a Division of United COntrollers of the Midwest

Address: 3151 Robbins Road, PO Box 13420
Springfield, IL 62704

Estimated Cost: \$1,000,000

Final Cost: _____

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

Due to recent weather conditions we have an excessive amount of potholes occurring in asphalt pavement surfaces on southbound and northbound I-55 between the Lake Springfield Bridge and the Montgomery County Line (south of Springfield in Sangamon County). The existing asphalt pavement surface is rapidly deteriorating and becoming unbonded from the asphalt binder course directly below. The potholes are creating a traffic hazard and have caused several vehicles to have tire blow-outs. Traffic is swerving into adjacent lanes trying to miss the potholes and potentially causing sideswipe accidents. We contacted three local contractors to get bids on the majority of estimated pay items that will be involved.

Illinois Valley Paving (A Division of UCM, Inc.) gave us the lowest total bid price; therefore, we would like to proceed with using them as our Contractor.

The following are the contractors we contacted and their bid price:

Illinois Valley Paving (A division of UCM, Inc.), \$607,933.28
 PH Broughton, no bid submitted
 Truman L. Flatt & Sons Co. Inc., \$797,682.97

Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.
