Description of services and/or supplies to be provided:

Heavy rains over the last month have caused a 2 culvert system and a berm to wash out on IL172 approximately 0.5 miles south of Tampico in Whiteside County. As we continue to get more rounds of heavy rains, the erosion is getting worse and will soon undermine the roadway and now there is no longer a berm to hold back the drainageway water, contributing to more erosion. The contractor will replace the failed 2 culvert system with one 72" RCCP culvert, stabilize the slopes and regrade the ditches.
