Description of services and/or supplies to be provided:

Rapid erosion is occurring around a storm drain along the southbound lanes of I-55 in Sangamon County just north of the Lake Springfield Bridge. The current erosion area is about 10' x 10' x 6' deep and growing. Continued erosion would impact the southbound I-55 outside shoulder and lanes and the adjacent Canadian Cross frontage road along with the adjacent CWLP water main. Work is to include excavation of the existing storm sewer drain pipes, installation of a new HDPE dual wall pipe to replace the deteriorated connecting pipe and backfill.

Is there an existing State contract available for the required services and/or supplies? Yes No
