**Office/Division:** Division of Highways/District 5

**Address:** 13473 IL Hwy 133, PO Box 610  
Paris, IL 61944

Chief Procurement Officer: Bill Grunloh

**Vendor:** G.M. Sipes

**Address:** 503 E Adams, PO Box 109  
Rushville, IL 62681

**Estimated Cost:** \$975,000.00 **Final Cost:**

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

The condition of Interstate 57 in Champaign County has deteriorated rapidly and unexpectedly over the winter of 2016-17. The condition of the bare concrete pavement under overhead structures near mile markers 247 and 249 has deteriorated to a point that they are a hazard to the traveling public. The temporary patching material available to the District Operations staff does not last more than a few day on any of these routes and the Department continues to spend resources and material trying to repair the same locations. The areas that needs repaired continue to grow at each location. Proceeding with an emergency contract will eliminate the hazzard for the motoring public. G.M. Sipes Construction, Kinney Contractors, Open Road Paving, Stark Excavating, Beniach Construction, Path Construction, and Duce Construction were all contacted to determine their availability to complete the work. The following bids were received:

G.M. Sipes Construction	\$362,552.54
Kinney Contractors	\$399,939.78
Open Road Paving	\$430,465.08
Stark Excavating	\$448,939.00
Beniach Construction	\$663,051.00
Path Construction	\$668,800.00

The contract was awarded to the lowest responsive bidder, G.M. Sipes Construction. for \$362,552.54.

Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.
