Contractor/Vendor					
Cummins Sales and Service					
Address		City		State	Zip
2247 Cassens Drive		Fenton		MO	63026

Emergency Purchase Details

Emergency Category (Click List Box to re-select the appropriate option(s)).

Involving threat to public health or public safety
Immediate expenditure is necessary for repairs to State property to protect against further loss or damage

Reason for selection of this particular contractor/vendor:

On the evening of Feb 1, the Kampsville and Brussles ferries were both closed due to ice ^{flow} ~~floe~~ on the Illinois River. A power outage occurred that impacted the Joe Page Bridge (a lift bridge in the area). The backup generator kicked in and was initially working fine. However, when the power was restored, it must have started dirty or out of phase. This resulted in no street lights, the switch to transfer power was not disengaging, and coolant was not properly circulating. The IDOT bridge mechanic was sent out, but there was little room to work and moderate rain was falling and turned to freezing rain. The bridge mechanic was needed to plow on the night shift. If the lift had failed, we would have been required to lift the bridge and lock it in the up position until repairs were completed. This would force all of Calhoun to enter and exit through Pike County limiting access to emergency services and adding several miles of adverse travel.

Due to the immediate need for assistance in diagnosing and repairing the issue, Cummins was called as they had completed preventative maintenance on the generator in the past. Cummins was available and could respond immediately.

Description of services and/or supplies to be provided:

The contractor is to assess and repair the electrical issues/generator caused by the power outage and restoration of power to avoid restricting traffic in the area.

Is there an existing State contract available for the required services and/or supplies? Yes No

Expected Start Date Estimated End Date*

Amount of this expenditure is Actual or Estimated*
 (*Estimated end date and cost will be reported later.)

Select the type of funding to be used. Federal Funds State Appropriated Funds State Grant Funds Other

Signatures

I am making this statement and providing it to the CPO Office, the Auditor General, and the Procurement Policy Board in compliance with the Illinois Procurement Code and within 10 days after award of the contract.

I have authorized the emergency procurement in accordance with the requirements of the Illinois Procurement Code (30 ILCS 500) and the applicable administrative rule. I know and understand the contents of this statement and all statements herein are true and correct to the best of my knowledge.
