 State: IL
 Zip: 62223

Emergency Purchase Details

Emergency Category (Click List Box to re-select the appropriate option(s)).

Involving threat to public health or public safety
 Immediate expenditure is necessary for repairs to State property to protect against further loss or damage

Reason for selection of this particular contractor/vendor:

Several contractors were called. BEL-O was the first who could respond. They know how to do the work, are able to mobilize quickly, and have the equipment and materials to complete the repairs.

Description of services and/or supplies to be provided:

The ductile iron pipe which services the fire hydrant on the east side of our T/M Building failed. Upon excavation and inspection, an approximate 1" diameter hole and a 7" split were discovered in the pipe. Based upon this being the second recent repair of this pipe segment, its advanced age, visible deterioration, and the requirement of the hydrant within the fire suppression system for the building to be code complaint, the entire pipe is in need of immediate replacement. Without the repair, the T/M Building would need to be vacated.

Is there an existing State contract available for the required services and/or supplies? Yes No

Expected Start Date: 07/31/20
 Estimated End Date*: 10/28/20

Amount of this expenditure is: \$100,000.00
 Actual or Estimated*: Estimated*
 (*Estimated end date and cost will be reported later.)

Select the type of funding to be used. Federal Funds State Appropriated Funds State Grant Funds Other
