Emergency Purchase Details

Emergency Category (Click List Box to re-select the appropriate option(s)).

To prevent or minimize serious disruption in critical State services that effect health, safety, or collection of substantial State revenues
 Immediate expenditure is necessary for repairs to State property to protect against further loss or damage
 Involving threat to public health or public safety

Reason for selection of this particular contractor/vendor:

Bodine electric has the only electric motor rebuild/rewind facility in central Illinois. This is the first of 2 emergency services. Bodine electric rebuilt one of the two electric motors to keep the pump house running on one pump until both pumps and motors can be replaced under the second emergency purchase which we have not received the estimate for yet.

Description of services and/or supplies to be provided:

The pump and motors at the Mt Pulaski pump house are failing. These pumps keep the viaduct on IL 121 from flooding. If this location floods, there is no good detour to get around it. Services are needed to repair/replace the pumps and motors.

Is there an existing State contract available for the required services and/or supplies? Yes No

Expected Start Date: 02/07/23 Expected End Date: 05/05/23

Amount of this expenditure is: \$10,000.00 Actual or Estimated: Estimated
