### Emergency Purchase Details

Emergency Category (Click List Box to re-select the appropriate option(s)).

Immediate expenditure is necessary for repairs to State property to protect against further loss or damage  
Involving threat to public health or public safety

Reason for selection of this particular contractor/vendor:

This vendor was selected as they were the first vendor contacted that was in the area that could respond.

Description of services and/or supplies to be provided:

On April 13th, Day Labor crews were working on bridge (SN 001-0015 ) carrying IL57 over Mill Creek near Marblehead. While lowering a beam over the edge of the bridge, the pole cat tipped over and the boom and beam went into the water. This resulted in all lanes of traffic being shut down. A crane is needed to upright the pole cat and remove the boom and beam from the water. The crane will remain on sight to finish repairs to the structure and damage caused from accident. Immediate action is necessary to re-open IL57 to traffic.

Is there an existing State contract available for the required services and/or supplies?  Yes  No
