Reason for selection of this particular contractor/vendor:

Sole bid received from local contractors - Bid is below Department estimates. Prequalified, ability to respond immediately, local and experience in the requirements of Emergency Procurement.

Description of services and/or supplies to be provided:

Address hazardous conditions along the Lost Bridge Trail shared-use path behind the IDOT Hanley Building. A 3,400 ft section of the path has severely deteriorated due to pavement age and tree-root infiltration, creating safety and liability concerns.

Contractor will remove the exiting damaged pavement, install a new aggregate base, resurface the 3,400 ft path section, and install a root barrier system to prevent future damage.

The size and scope of the project is outside the budget, equipment, and capabilities of Day Labor so an emergency construction contract is deemed necessary.
