

**Illinois Department  
of Transportation**

***Innovative Project Delivery  
Notice of Intent to Award***

**TO:** Michael Stirk  
Bureau Chief of Innovative Project Delivery

**FROM:** Colleen Caton  
Deputy Chief Procurement Officer/SPO

**DATE:** 12/10/2025

**SUBJECT:** Determination on Award Recommendation  
US 34 and US 52 Bridges Replacement Project (Contract No. 66P04)

Having reviewed the procurement, I concur with the Illinois Department of Transportation's recommendation that "D" Construction, Inc. be awarded the contract for the US 34 and US 52 Bridges Replacement Project Design-Build (DB) (Contract No. 66P04). The awarded amount is \$12,596,761.00. Their proposal has been determined as the best value to the State, taking into consideration evaluation factors set forth in the Request for Proposal (RFP). Four (4) proposals were received in response to the RFP.

Start date will be upon contract execution.

Colleen Caton

**Illinois Department of Transportation  
Intent to Award  
66P04**

**Purchasing Agency:** Illinois Department of Transportation

**State Purchasing Officer (SPO):** Colleen Caton

**Contract Title:** US 34 and US 52 Bridges Replacement Project

**Contract Reference Number:** 66P04

**Type of Contract:** Design-Build (DB)

**Brief Description:** This project is a bridge bundle and includes the removal and replacement of two bridges in LaSalle County, IL. The bridge carrying US 34 over Little Indian Creek (SN 050-0041) is an existing 3 span, cast-in-place concrete T-beam bridge with spans 1 & 3 at 44'-9" and span 2 at 58'-3". In August 2023, a load rating inspection was performed due to shear cracks discovered at center span in all five T-beams. A temporary support system was installed in span 2 and the bridge reopened in January 2024. The bridge carrying US 52 over the Fox River (SN 050-0058) is a five-span, reinforced concrete open spandrel deck arch bridge supported on reinforced concrete vaulted abutments at the ends and four intermediate reinforced concrete piers. Main spans 1 and 5 are 77'9" long and main spans 2 through 4 are 80' long.

**Contract Begin Date:** Upon Execution

**Contract Completion Date:** As defined by the project schedule, duration will be no more than 10 years from date of execution.

**Option for Renewal:** None

**Date First Offered:** 07/31/2025      **Source Selection Method:** RFP

**Proposal Due Date:** 10/23/2025      **Time:** 4:00 PM

**Submittal Location:** Illinois Department of Transportation  
2300 South Dirksen Parkway  
Springfield, Illinois 62764
