**Revised
Procurement Code
Requirements for
Subcontractor
Reporting**

There have been changes to the Illinois Procurement Code 30 ILCS 500 revising the dollar threshold in which subcontractor financial disclosures are required. Prime Contractors are required to submit the Financial Disclosure Form A & B and the Subcontractor Certification into the Departments Vendor Documentation system for subcontracts with a value of **\$100,000** or greater (previously \$50,000).

The Financial Disclosure Form A & B has been revised to update the subcontract value and the Governor's salary. The updated form, BC 3212 Subcontractor Financial Disclosure, can be found at the following [site](#) under the Responsibility of the Prime (Subcontractor Documents), 1. Vendor Documents.

NOTE: A subcontractor cannot be approved or begin work until all the documents have been received and approved on the Form BC 3212 revised 11/06/2025.

*These requirements **do not** apply to material suppliers, truckers and professional service companies.*

Questions should be directed to the Central Bureau of Construction (217) 782-3413 or by emailing Chad.Coombs@illinois.gov.

**Removal of DBE

The following is from the proposal document (Appendix A4 BUY AMERICAN PREFERENCE).

The required form must be uploaded in the "Miscellaneous Documents" area as a single .pdf file in the "Integrated Contractor Exchange (iCX)" application within the Department's "EBids System".

The Department will not accept a "Certification of Compliance with FAA Buy American Preference – Construction Projects" form if it does not meet the bidding procedures set forth herein and the bid will be declared non-responsive. In the event the bid is declared non-responsive, the Department may elect to cause the forfeiture of the penal sum of the bidder's proposal guaranty and may deny authorization to bid the project if re-advertised for bids.

**Hard Copies of
