January 21, 2022 Letting - Surety 2000 Annual Bid Bond Validation

Published Monday, 1/3/2022 at 3:28 PM

If your company uses an **electronic annual bid bond issued by Surety 2000**, be advised the bid bond may not properly validate in the iCX. In the event you attempt to validate and receive an error, simply choose "**Annual Bid Bond**" from the "**Bid Guaranty**" dropdown to satisfy the requirement. In addition, if you have a document from your bonding company with a Surety 2000 bond number, please upload in the "Miscellaneous Document Upload" screen.

The screenshot displays a 'Validation Fail' dialog box with a yellow warning icon and the message: 'A bond with the supplied contract id was not found'. Below the message is an 'OK' button. To the right, the 'Bid Guaranty' dropdown menu is open, showing 'Guaranty Amount: \$0.00' and 'Surety Type:'. The 'Bond #' field is highlighted with a red box, and the dropdown list includes 'Annual Bid Bond' (highlighted with a red box), 'Check', 'Individual Bid Bond', 'SurePath', and 'Surety 2000'. To the right of the dropdown, there are two red boxes: one containing 'AR - Workforce Projection Form (BC 1256)' and another containing 'AR - Proposal Signature Sheet'. Below these, a 'Miscellaneous Document Upload' button is visible.
